What's up Big Guy?

I trust that you received my July 14, 1997 letter with the Mike Tyson prison food pleads back news clipping. I put a Mail Tracer on it, just to make sure, because these people tamper with my mail and that was an important letter, I have to keep you on the bench of justice, for my youth projects.

Last week I made copies of my 89 murder conviction appeal court opinion sheet, so you can see that it was on a Deep cover Mission, agent 008 Toe, Doe. That's what these people are holding against me and another reason why I'm on protection, to help the police fight crime and the prosecutors, but they don't give me credit for that, I have gotten homicide seven convictions, but they side you
